Automation Distribution, Inc. is an automation solutions provider specializing in pneumatics, electrical control, and motion control products. Automation Distribution, Inc. distributes high quality, technically advanced, and energy efficient solutions to the demand user of the industrial market.

**Programming:** Automation Distribution specializes in multtier system design and implementation. Our knowledge is spread across multiple commercial control systems, software languages and industrial communications. We have designed and integrated numerous systems utilizing various system platforms, hardware, programming languages, industrial communication and hardware.

**Sub-Assemblies:** Our assembly services are available to provide integrated solutions utilizing the products we represent. Assemblies can range from simple to complex; small assemblies to full machine builds. With our experience in pneumatic and electrical components, we can be a valuable resource for your sub-assembly needs.

**Control Panel Devices**
- ABB Controls • Moxa • Noren
- Puls • Wago

**Linear Motion**
- SMC • Igus • Macron Dynamics • Nexen

**Machine Safety and Guarding**
- ABB Jokab • Datalogic • Larco • Leuze • Pizzato
- Robotunits

**Machine Sensors and Vision**
- Datalogic • Leuze • Sensopart • Turck
- PlusOne Robotics

**Motor and Drives**
- ABB Drives • Baldor • Lenze

**Pneumatics and Fittings**
- SMC • Fairview Fittings • Hamlet

**Process Sensors**
- Dwyer Instruments • Madison
- Newport Electronics • Turck

**Robotics**
- Robotiq • Universal Robots • OnRobot
- Soft Robotics • PlusOne Robotics

**Vacuum Pumps, Blowers, and Compressors**
- Atlantic Blowers • Dekker Vacuum Technologies
- Durr-Technik • VacMotion

**Controllers and HMI**
- Lenze • Horner • ABB • Wago

**Machine Lighting**
- Patlite • Werma

**Enclosures**
- Fibox • Haewa
