SATO

SATO America Announces End-of-Life Plan for CL6e Thermal Printer Series

August 4, 2015

SATO America announces the discontinuation of its CL6e industrial thermal printer and all of its related accessories. This retirement notice identifies the most popular SKUs affected by the discontinuation of the CL6e and accessories. A timeline of key dates are included in this notice as well as a suggested migration path to the CL6NX™ series.

Reason for Retirement: The CL6NX series was released in April 2015 which has a superior feature set and is a compatible replacement for the CL6e.

Important Note: The list of affected SKUs only includes those specific to North America and is not a complete list of all CL6e SKUs. It is also possible that a SKU was missed in the list provided. If you are unsure of a specific SKU, please contact a SATO America representative for clarification.

Timeline:

Last Time Buy Order	Estimated date based on availability **Limited quantities of printers are available and orders will be fulfilled on a first come, first serve basis.	October 30, 2015
Last Time Ship Date	Last possible day to ship	November 30, 2015
Last Stock Rotation Request	Last date to request CL6e printer and accessory stock rotation	September 15, 2015
Last Stock Rotation Return Date	Last date for all CL6e printers and accessories to arrive at SATO America	October 15, 2015
End of Service	Spare parts and service will not be available after this date	October 30, 2020

Service and Warranty:
SATO America will honor all warranties in place and maintain our service obligation by supporting and servicing discontinued printers through SATO America, as long as parts are available.
